

On April 14th of 2025, the building of Esma Incorporated suffered a fire in the middle of the night. From the exterior of the building, Esma's 450 Taft Drive, South Holland, IL location appeared to be OK after the fire. The brick facade remained nearly untouched by the fire and only the roof was impacted. The inside, however, was destroyed by smoke and water. The 13,000 square foot building was deemed a total loss and much of our inventory was labeled unsellable.

In the immediate aftermath of the fire, the Esma team was extraordinary in keeping our operations running. We were able to rent some adjacent space in a small warehouse where we could install a computer and router to keep email and orders going. The landline phone numbers were rerouted to an employee cell phone and, to many customers, it appeared as if nothing had happened. Most of our bulk chemicals were unaffected and shipping of these consumables began almost immediately after the fire.

Production of new equipment was another matter and quick decisions were made to relocate to a new facility only 3 blocks away.

Esma's new physical address is:

**Esma Incorporated
16672 State St.
South Holland, IL 60473**

Please send all correspondence to our PO Box.

Esma Incorporated
PO Box 734
South Holland, IL 60473

Our employees were and have been exemplary since the date of the fire. It is a testimony to their efforts that Esma was able to rise from the ashes and continue producing the quality equipment that we are known for.
